2018 VALLEY LIFE SCIENCE BUILDING
BIOLOGY SCHOLARS PROGRAM:

CHALLENGES THE "BY THE NUMBERS" POPULAR VIEW ABOUT WHO CAN AND SHOULD DO SCIENCE.

CULTURE

We believe that selecting members based on their strengths rather than their need for support results in a BSP culture where individual student success and mutual support of one another go hand in hand.

Member Characteristics:

- Passion for science
- Demonstrated commitment to service

What we do:

BSP provides individualized plans for success that fits each student's academic and personal starting point and provides a close-knit community of like minded scholars.

Suggested course for interested students:

MCB15 - Current Topics in the Biological Sciences
Instructor: John Matsui
Tues & Thurs 1 - 2 PM
212 Wheeler
2 units
